

Redwood Shores is **temporarily closed until April 6th** to ensure the safety of our patients, team, and community. The California Dental Association issued a strong recommendation that all dentists practicing in California suspend all non-urgent and non-emergency dental care for at least 14 days. In addition, the San Mateo County have a mandatory 14 day shelter at home for three weeks starting on March 17th. We will continue to monitor the situation daily and will keep you updated as we get more information.

If you need to contact us we will still be checking our phones and emails on a limited basis. **Emergency care will be available by calling the main office number, 650-593-1160.** Thank you for your patience and understanding during this challenging time for all of us.
